# SLIM INOX SQUARED OVERHEAD SHOWER AND BUILT-IN SHOWER PANEL

IPERCERAMICA opens the door on a world of fascinating interiors to offer you the most beautiful ideas for bathroom. Our main products include shower panel, hand shower, overhead shower, slide bar, shower hose, bathroom accessory, pure stone products, etc. We hope to make your bathroom more functional, more comfortable and more elegant.

We are living in a hurried society, been working hard, playing a lot of sports, do you need some relaxation? The products of IPERCERAMICA could clean your skin, stimulate your circulatory system, relief the spiritual pressure and tension. And you will be refreshed and energetic afterwards.

IPERCERAMICA creates thinking of you. We supply reliable and innovative solutions to meet your requirements. And we provide one-year guarantee to our goods. Our goal is your total satisfaction.

Improving, renewing, perfecting is the spirit that leads us to imagine new bathroom spaces, the shower panel have been launched for 2010. This catalogue will take you on a guided tour of our new shower panel collections.

Multi-shower collection

With attractive and innovative style, the shower panels are an ideal solution for bathroom. The rain effect of the overhead sprinkler and the side spray allow you to enjoy the fullest sensation of your shower.

The shower panels are made of stainless steel. And it brings you bathing experience of powerful spray and natural waterfall. No matter what you want, you will find countless possibilities for your showering oasis with IPERCERAMICA shower panel.

Design by

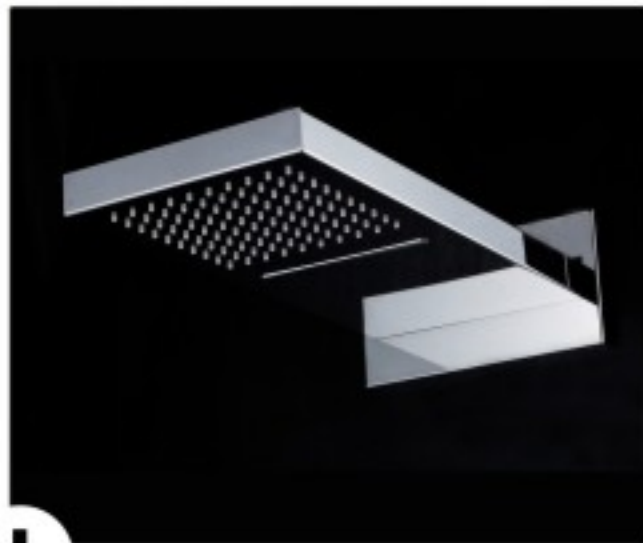

The design of the shower panels are come from the sculpture and palace of the classic European countries. Our designer combines the element of pure & bright into the modern bathroom design, and creates our new shower panel.

# Enjoy

## IPERCERAMICA shower design

Water, forms, spaces, colors, materials and solutions, are studied to help you find the relaxation and inspiration you need in your everyday life. Enjoy the power of water and the function of spray, waterfall and side spray. IPERCERAMICA believes it should be as easy as possible to create your new bath

Shower panel are fashion style stainless steel collection for smaller bathrooms. The shower panel has overhead sprinkler, side sprinkler and a delicate hand shower. The overhead shower brings you a maximum spray pleasure.
